

**Can you get AI to  
create images the world  
has never seen before?**

### **1 Get set**

AI is an **amazing tool** for someone looking to **get creative**. From coming up with a **futuristic city** to imagining **astronauts with wings** to designing **iconic drip**, DALL-E can do it all. How can you **make your mark** with it?

Want a **quick review of AI**? Check out the site below to **get familiar** with AI in **5 minutes**:

**2**

## Investigate

**Sign up** for a DALL-E 2 account at:

[openai.com/dall-e-2](https://openai.com/dall-e-2) 

Please note that OpenAI requires you to be **18 or older or to have permission from a parent or guardian** to create an account.

**Ask** DALL-E to create **5 brand new images** no one has seen before. You can prompt it in a few different ways. Here are some ideas:

## Style

- digital art
- one-line drawing
- neon sign
- polaroid
- Lego bricks
- and more!

## Background

- white background
- on a beach
- surrounded by clocks
- in a spaceship
- and more!

## Mood

- bright
- mysterious
- epic
- melancholy
- and more!

## EXAMPLE PROMPT

watercolor closeup of a delicious cup of coffee that also contains the universe

**Make a conclusion:** what kinds of brand new images were you able to make with DALL-E? How do you think they could be used irl?

**3**

## Share

**Create** a graphic to **share** what you found:

- **Include** this challenge's question
- **Include** one image you made with DALL-E
- **Add** the prompt you used

Here's an example:

## A BRAND NEW IMAGE MADE WITH AI

"a photograph of hundreds of small turtles wearing  
sunglasses"

**Awesome** job on this challenge! You're making AI work  
for you.
